16.3.64

To

The Secretary to Government,
Public Works Department,
Bangalore.

Sir,

Sub: Requirement of plant and machinery for remodelling the existing sewage system of Bangalore City.

I have to state that the estimate of Rs.6,00,00,000/ prepared for sewage scheme of Bangalore, provides for the purchase of machinery noted in the margin, against the

1.	5 H.P.Pumpsets with Accessories.	4 Nos.	Rs. 20,000
2.	Mechanical cleaning Apparatus with Accessories.	4 Nos.	Rs. 1,00,000
3.	8 to 10 tons capacity of diesel road rollers.	2 Nos.	Rs. 1,10,000
4.	5 to 10 tons capacity of Chain pulley blocks.	6 Nos.	Rs. 12,000
5.	5 ton capacity of Mobile crane with pneumatic tyres.	1 No.	Rs. 1,50,000
		Total Cost. ..	Rs. 3,92,000

approximate cost indicated. Pumpsets are required to bail out water from foundation excavated and also to pump out the sewage whenever there is chokage. For efficient maintenance of existing and the proposed new sewage lines, the cleaning apparatus is needed. The diesel rollers are required to maintain service roads both old and new under water supply scheme as well as to resurface the trench portions after new pipelines are laid. The heavy pipes and specials with valves etc., required to be used on works are to be carefully, handle causing no damages to the property, ~~laid~~ during execution. Hence the services of chain pulley blocks are felt by the Department. Heavy machinery connected with, the pipe line work, sewage treatment unit, water treatment unit etc., including pumpsets, are also to be errected on workspot where the necessity of a mobile crane is anticipated. These equipments could also be hired to contractors doing Government work when requisitioned by them, if works are entrusted on tender system. Procurement of the equipments through the S.P.C. involve some time, as formalities are to be observed. Therefore action is being taken to prepare the detailed specifications of each unit to approach S.P.C. for fixation of rate contracts early. The exact cost of the entire machinery will be known only after the enquiries by the S.P.C. are instituted & tenders finalised. The approximate cost of Rs.3,92,000/- specified

Office of the Chief Engineer (General)
P.W.D., P.B. No. 40, Bangalore-1.

specified in the project estimate, will be debited to the main project when it is sanctioned by Government under appropriate head of account with funds.

In the meantime, I request you to convey approval of Government to procure the machinery through the S.P.C. at an approximate cost stated above, as the execution of works will have to be taken up by the Department very shortly.

Yours faithfully,

(K.M. Joshi)
Chief Engineer(General).

No.IPH/OSD/ 4555 B/64. Dated 30 -5-1964

Proceedings

The Secretary to Government,
Public Works Department,
Bangalore.1

Sir,

Sub: Integrated Water Supply and Sanitary Scheme to Bangalore City.

1/6/64

With reference to the above, I write to state that a sum of Rs.1.5 crores has been allotted for the above Scheme for 1964-65. During 1963-64 pipes to the tune of Rs.24 lakhs have been purchased. It is learnt that Government of India have not allotted any money for the expenditure incurred during the year 1963-64. It is, therefore, assumed that this amount of Rs.24 lakhs will have to be met out of the current year's allotment of Rs.1.5 crores. Therefore, the balance amount available for the year 1964-65 is assumed to be Rs.1.26 crores.

A meeting was convened in my Chamber of all the officers concerned with the above project and detailed programm for the Rs.1.26 crores has been drawn in consultation with the all the officers concerned.

A copy of the Proceedings of this meeting is enclosed herewith for favour of information and approval.

Instructions have been given to the Superintending Engineer, Water Supply & Sanitary Circle, Bangalore to call for tenders for the various works as detailed in the programme and to place orders for C.I. pipes and specials with Mysore Iron and Steel Limited, Bhadravathi as approved by the Control Board some time ago, in order to spend the allotment of the year.

Regarding purchase of lead and yarn and other materials, Government have already constituted a Committee, consisting of the following personnel:

4 LWS 7/64
12 LWS 7/64

1) The Secretary to Government, P.W.& Electricity Department.

2) The Secretary to Government Finance Department.

3) The Secretary to Government, Commerce and Industries Department.

4) The Secretary to Government, Public Health and Local Municipal Administration Department.

5) The Chief Engineer (General) P.W.D., &

6) The Officer on Special Duty (PWD) Bangalore

- Secretary.

Therefore, quotations will be called for by the Superintending Engineer, Water Supply and Sanitary Circle, Bangalore for lead and yarn. After review of the same in this office, they will be placed before the above Committee for final approval.

Action taken may kindly be approved.

Yours faithfully,

30-5

(K. M. Joshi)

Proceedings of the Meeting held in the Chambers of the Chief Engineer (General) P.W.D., Bangalore on 26-5-1964, regarding the Integrated Water Supply and Sanitary Scheme to Bangalore Circle

Officers Present:

Sriyuts:

1) K.M.Joshi,	Chief Engineer (General) PWD
2) G.V.Venkataramu	Superintending Engineer (Designs) PHE
3) B.S.Mahanthanna	Superintending Engineer, Water Supply and Sanitary Circle, Bangalore.
4) C.L.Krishna Rao,	Executive Engineer, No.2 L.R.W.S. Division, Bangalore.
5) H.K.Raja Ram	Executive Engineer, No.1 L.R.W.S. Division, Bangalore.
6) K.V.Gundappa	Officer on Special Duty for L.R.W.S and Sanitation Scheme to Bangalore.

The Programme for the year 1964-65 was taken up for discussion.

A sum of Rs.1.50 crores has been allotted for the above Scheme this year. During 1963-64, pipes to the tune of Rs.24-00 lakhs have been purchased. It is learnt that this amount is to be met out of Rs.1.50 crores allotted for this year. Therefore, the balance amount available for the Scheme, for the year 1964-65 is Rs.126.00 lakhs.

The details of expenditure under different parts of the Scheme, as discussed and finalised in the meeting, are as under:

Particulars	Amount allotte
	Rs. in lakhs
Part A:	
1) For acquisition of land	3.80
2) For construction of quarters at the Treatment Site.	5.00
3) For construction of administrative building	1.00
4) Tools & Plant charges for the purchase of Lorries and other equipment	2.20
5) For stationery and contingencies	1.00
6) For Establishment	5.00
7) Consultant's fee to be paid	5.00
Total (Part A)	23.00

57/2

Part-B (Distribution System)

1) Cost of Pipes and Specials	Rs.60.00 lakhs
2) Cost of Lead and Yarn	10.00 lakhs
3) Labour charges for laying pipes	5.00 lakhs
4) Construction of Quarters	1.50 lakhs
5) Construction of Zonal Reservoirs	1.50 lakhs
Total (Part B)	78.00 lakhs

Part-C (Drainage)

1) Cost of purchasing and laying R.C.Hume pipes Stone-ware Pipes of different sizes, including acquisition of lands etc.	22.00 lakhs
2) Establishment	3.00 lakhs
Total (Part-C)	25.00 lakhs

Grand Total of Parts A, B and C: Rs. 1126.00 lakhs

(Rs. One hundred and Twenty six lakhs only)

To enable this amount being spent this year alone, it is necessary that action is taken immediately to call for Tenders for all the works. It was felt that the Superintending Engineer, Water Supply and Sanitary Circle should take immediate action, to place orders for the supply of C.I. pipes and Specials. For the procurement of materials for this scheme, Government have constituted a Committee consisting of the following personnel:

1) The Secretary to Government, P.W.& Ele. Department.

2) The Secretary to Government, Finance Department.

3) The Secretary to Government. Commerce and Industries Department.

4) The Secretary to Government, P.H-Labour and Municipal Administration Department, Bangalore.

5) The Chief Engineer (General) P.W.D., &

6) The Officer on Special Duty, P.W.D. (Secretary)

It is, therefore, not necessary to approach the Secretary, Stores Purchase Committee, for purchase of materials and equipment etc. in future. The requirement of lead and yarn may be intimated to this office, so that further action could be taken to call for quotations and to place them before the Committee constituted for the above purpose, for final approval.

Regarding R.C.C. Hume pipes, it is necessary that the required quantity of cement and steel is supplied Departmentally to ensure quality. Specific mention of rate at which these materials would be supplied, may be made clear in the Tender-Notification only to enable the tenderers to quote their rates properly. As considerable difficulty is experienced in the procurement of Cement, the requirement of Cement, quarterwise, may be intimated to the Central Government authorities, immediately. If this has already been done, a reminder may be sent and the case followed up, so that there may not be any difficulty in this regard at the time of starting the work.

A detailed plan showing the existing distribution lines, both for Drainage and Water Supply, should be made upto-date and put up. It was reported that the Plan now made is one year old and additions and alterations have to be marked as upto-date.

Further, at the site where an R.C.C. Tank proposed in the Jayamahal Extension, construction of quarters may be taken up as a separate provision is made for the construction of a R.C.C. tank in the Palace Compound, for this area.

It was also decided that Tenders for all the work must be issued ON OR BEFORE 15-6-1964.

In view of the light work for the No.2 Long Range Water Supply Division, two Sub-Divisions from the Long Range Water Supply Division No.2, may be transferred to the Long Range Water Supply Division No.1.

PWD.

Dear Shri.Chandappa Patel,

SUB: INTEGRATED WATERSUPPLY AND SANITATION SCHEME TO BANGALORE.
--

REF: This office letter No.IPH/OSD/WSSB/64 dt.1st June 1964.
--

SECRETARY TO GOVERNMENT No DD 978 19 JUN 1964 PUBLIC WORKS & ELEC. DEPT.

In continuation of this office letter cited above wherein the proceedings of the Meeting held in my Chambers on 26.5.1964 about the programme for spending the present allotment of Rs.1.5 Crores for the above Scheme were enclosed, I write to state that approval of Government to the Programme is still not received. Administrative approval of State Government to the Integrated Scheme of Rs.26.00 Crores is also not received. It would perhaps be desirable to convene a meeting of the Watersupply and Sanitation Control Board to consider these aspects in order to enable the works being put on hand as per the Programme.

I request the favour of early action in this regard.

Yours sincerely,

Shri.Chandappa Patel I.A.S.,

Bangalore.

Sir,

Sub: Integrated Watersupply and Sanitation Scheme to Bangalore City.

--

Ref: This office letter No.IIH/OSD/WSSB/64 dt.1.6.1964.

--

In continuation of this office letter cited above, I enclose herewith a detailed programme for Rs.1.5 crores which is allotted towards the above project for the year 1964-65. Administrative approval of Government to the Integrated Scheme of Rs.26.00 crores is still awaited. As this may take some time, I request that Government may accord partial administrative approval viz, to the Programme of Rs.1.5 Crores for this year, so that we may proceed with the work and utilise all the allotment for the year.

In this connection it may be mentioned that in order to spend the amount of Rs.1.5 crores during 1964-65, it is necessary to take immediate action to place orders for the supply of C.I. Pipes and Specials with Messrs.Mysore Iron and Steel Works,Bhadravati and also to call for tenders for the several items of work included in the programme under submission. In anticipation of the administrative approval to these proposals, I have permitted the Superintending Engineer and the Executive Engineers concerned:

i) to advertise the Tenders in the Press and Gazette; and

ii) to place orders for C.I.Pipes and Specials to the extent of Rs.80.00 lakhs as provided for, in the programme.

I request that administrative approval to the Programme of Rs.1.5 crores and approval to the action taken by me in permitting the Superintending Engineer,Watersupply and Sanitary Circle,Bangalore to advertise the Tenders in the Press and Gazette and to place orders for C.I.Pipes and Specials, may kindly be communicated not later than 1st August 1964, as by that time, tenders would have been received.

Yours faithfully,

(S. G. BALEKUNDRY)
